INDUSTRY SCIENTIST PANEL

Invited Panelists:

Kathleen Denya

Dr. Kathleen Denya is the director of innovation partnerships at North Carolina State University where she develops partnerships between research and industry.

Devin Leopold

Dr. Devin Leopold is the lead bioinformatician and software engineer at **Jonah Ventures**, an environmental DNA sequencing company.

Rebecca Shay

Dr. Rebecca Shay is a research scientist and mycologist at **Mycocycle**, a start-up that works to create new industrial materials from construction waste, utilizing fungal mycelia to break down and detoxify the wastes.

**Are you consider a career in industry?
Please join us to hear from industry scientists!**

Tuesday, February 17th
2pm PT | 4pm CT | 5pm ET

Register here!

**Questions? List them in the registration form or email:
